## ABOUT

I'm a multidisciplinary creative designer. My professional experience ranges from visual branding to UI design for web and mobile. I'm passionate about new trends and innovative design concepts. I'm a team player with an aesthetic eye, that pays great attention to details. What I value at work is building useful products with creative freedom and the opportunity to learn and grow my skills.

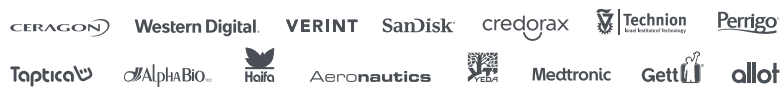

## EXPERIENCE

### Graphic Designer, specializing in creating design concepts

RM Studio | 2008 - 2020

- Environmental graphic design in a wide range of media, specializing in permanent and temporary spaces and international trade shows for leading companies.
- Managing projects from the concept development stage (branding, 3D analysis and custom graphic editing) to monitoring and supervising work processes until completion.
- Working in a team with product designers and interior designers.
- Attending external meetings, briefings and presentations.
- Supervising booth construction in Israel and at international exhibitions.

Designed for:

### Graphic Designer

Artik Design | 2005 - 2008
